Dewey Wayne

"Here for the Music" was released independently as an Alternative Country album and is an eleven song collection of the band's best-loved songs. *Here for the Music* blends progressive country, honky-tonk, rockabilly, and Sand Mountain bluegrass into self-styled "tonkgrass" music.

Since its release, Dewey was nominated as "Best Country Act" by the Houston Press, "Texas Music's Rising Star" by the Academy of Texas Music, and the album won "Musician of the Year" at the Texas Music Awards for Big John Mills' guitar performance on the album.

AND FEATURING GUEST ARTISTS

THE REBEL DOWNLOAD BAND

Rebel Download Band may be a fairly young band, but they've already found that way into your soul to make you love their music, aptly called 'Tripadelic Honky Tonk.' They've become shooting stars that are rising to the top of the charts in Texas to Nashville. Rebel Download Band is on that same golden path with their CD 'Keeping It Real.'

You would be paying more than \$10.00 per ticket to see Dewey and the Rebel Download Band! Donate it instead to the Gary Lynn Foundation!

All donations go to the Gary Lynn Foundation "A Ray of Hope for People with Cerebral Palsy"
